Allied Trades Endorsement Letter- Encana Pavillion Comments.pdf

Hi David and Rebecca,

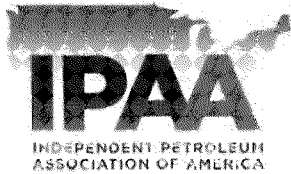

Regarding the Peer Review Charge for the draft report of the Investigation of Ground Water Contamination near Pavillion, WY, I was advised to send you the attached endorsement letter from ANGA, API, AXPC, IPAA, and USOGA in support of the comments filed by Encana Oil and Gas USA.

Also, I was unable to copy and paste the text of the comments onto the website shared with me:

[http://cfpub.epa.gov/si/si\\_public\\_pra\\_view.cfm?dirEntryID=240345](http://cfpub.epa.gov/si/si_public_pra_view.cfm?dirEntryID=240345). It indicates that the comment period has closed, but communication on EPA's website states that the comment period is open through March 2. Please advise.

Many thanks,  
Nancy
